NAIROBI COMMITMENTS

From 12-14 November 2019, a high-level conference was convened by over 8,300 people representing governments, civil society, private institutions, academia and community leaders from 172 countries and territories, to commemorate the 25th anniversary of the International Conference on Population and Development (ICPD) in Cairo, Egypt in 1994. To provide a way forward that would see the SDGs

realised by 2030, the Nairobi Statement was made. Importantly, this Statement is formulated around three key goals:

- **ZERO** unmet need for family planning and information and services
- **ZERO** preventable maternal deaths
- **ZERO** sexual and gender-based violence and harmful practices against women and girls

* UNDP-UNFPA-UNICEF-WHO-World Bank Special Programme of Research, Development and Research Training in Human Reproduction.

HOW MUCH DOES SRHR REALLY COST?

The Guttmacher Institute estimated that in 2022 it would cost approximately USD 69 billion per year or **an annual USD 10.60 per person in LMICs** to satisfy the unmet need for modern contraception, MNC, abortion services, and treatment for major curable STIs. This is an 83% increase in the current amount given to these services, however, **this amounts to only an increase of USD 4.80 per person per year**. For adolescent women, it requires **only USD 1 per year per young woman** to have her SRHR needs met. This translates to increasing current donor spending by **only USD 0.59 per young girl per year**.

THIS MEANS THAT...

...A DAILY COFFEE...

...IS A WOMAN'S ACCESS TO MODERN CONTRACEPTIVE CARE

THIS ALSO WOULD MEAN THAT...

... REAL MADRID'S GROSS ANNUAL SALARY...

... COULD HELP MORE THAN 3.1 MILLION WOMEN AVERT UNSAFE ABORTIONS

... LUXURY BRAND MOËT HENNESSY LOUIS VUITTON (LMVH) GENERATES ENOUGH REVENUE FROM THEIR WINE AND SPIRITS...

... TO SAVE THE LIVES OF MORE THAN 229 000 WOMEN AND GIRLS

... TO HELP AVERT MORE THAN 232 MILLION UNINTENDED PREGNANCIES

Who is behind the Atlas?

This initiative is powered by the European Parliamentary Forum for Sexual and Reproductive Rights (EPF). We are grateful to the numerous national organisations, country experts, and international organisations who contributed to data validation of the data presented in this Atlas. A special mention to DSW for providing the data on the percentage of ODA allocated to SRHR. EPF benefited from the financial support of the Bill and Melinda Gates Foundation to undertake original and independent research which is presented in the Atlas. The scope and the content of the SRHR Donor Funding Atlas is the sole responsibility of EPF.
